

To Our Donors and Supporters,

I have exciting, game-changing news about the next chapter of **Access Unlimited!**

After nine years of unforgettable outdoor adventure camps, life-changing connections, and unwavering support from all of you, **Access Unlimited is officially joining forces with High Fives Foundation** as one of their core program services. What started as a passionate grassroots mission in Montana has now grown into something even bigger and more powerful. And the best part? We're still *us*, just with a bigger engine behind us, ready to take things to the next level.

Who Is the High Fives Foundation?

A 501(c)(3) organization that transforms recovery through adventure. Founded in 2009 by Roy Tuscany after a life-changing spinal cord injury, **High Fives Foundation** was built on the belief that recovery doesn't end when you leave the hospital; it *begins* when you get back to doing what you love.

Since its founding, **High Fives has supported over 1,000 athletes** with Empowerment Grants covering costs of adaptive equipment, rehabilitation, training, wellness, and outdoor camps. In 2024 alone, they raised **over \$6 million** to continue delivering hope and healing through programs across *Five Pillars of Sport*: **Ski, Surf, Bike, Dirt**, and my favorite... **Fish**.

High Fives fosters a thriving, nationwide community of athletes, families, and supporters who believe that life after injury can be just as rich, exciting, and joyful as before. Their commitment to showing what's *possible*, instead of focusing on what's been lost, is exactly why this partnership feels so right.

What's Next for Access Unlimited?

We're leveling up. Starting January 1, Access Unlimited will lead the **Fish Pillar** at High Fives. We have plans laid to grow from one *Fish Camp* per year to **five full-scale fishing experiences** across Nevada, Colorado, Rhode Island, and Montana in just our first year. In addition, we are **launching a new Day Trip series** right here in Montana, creating more opportunities for local residents to experience the joy, healing, and power of the outdoors. We now have a team of dedicated individuals to handle administration, media, marketing, events, and assist us in fundraising. That means spending more time doing what we do best... creating unforgettable outdoor experiences for those who need them most.

Takeaways

- **Access Unlimited is still open to everyone** affected by a traumatic or unforeseen life event. You don't need to be a High Fives athlete to apply.
- **Future donations will go through the High Fives Foundation** and are tax-deductible. You can still choose to support the Access Unlimited program specifically by using the donate tab on our page. Every dollar will be restricted to our work.
- **This partnership opens doors** to new resources and partners, including High Fives partners like Monster Energy, Grundens, Smith, Flylow, Yeti, Xtratuf, and Darn Tough helping us amplify our mission and deliver even more transformational moments.

In Closing

Access Unlimited is growing in a big way. We're deeply committed to creating meaningful, healing outdoor experiences for people whose lives have been turned upside down. We're rooted in the values that brought us to this point... compassion, community, and a fierce belief in the power of nature to restore and inspire.

What's changing is our reach, our resources, and our ability to say "yes" more often, to more participants, more locations, and more life-changing moments. This new chapter with the High Fives Foundation is providing us with the tools, partners, and momentum to dream bigger and deliver better.

Gratefully,

Jesse Alberi
